£27,000–£35,000	**Up to £60,000**
Salary based on experience	On-target earnings
CONTRACT	**LOCATION**
Full-time, Permanent	**Preston**

BENEFITS

Potential company vehicle, company pension, fair commission, genuine career progression, paid team socials and staff events.

Overview

We're looking for an Experienced Kitchen Design Consultant to join the team at our brand-new Preston showroom, opening in early 2027.

You'll welcome customers into our showrooms, design beautiful German kitchens tailored to their lifestyle, and guide them through the entire journey: from the initial consultation to their finished kitchen. Combining great design, honest advice and exceptional customer service, you'll help homeowners create a kitchen they'll love for years to come.

At Prestons, we're passionate about more than just kitchens, we're passionate about creating a workplace where people genuinely enjoy what they do.

This isn't a high-pressure sales environment. Our reputation, premium German kitchens and consistent flow of enquiries mean you can spend your time designing great kitchens and looking after customers – not chasing sales.

Location

This role will be based at our brand-new Preston showroom, opening in early 2027.

During the interview process, we'll talk you through the showroom, expected opening dates, working hours and everything you need to know about the role, so you have a clear understanding before joining the team.

What you'll be doing

- Meeting customers and understanding their lifestyle, needs and vision.
- Designing beautiful, functional kitchens using Winner software.
- Creating detailed 3D designs and technical plans.
- Advising customers on layouts, appliances, materials and finishes.
- Managing each project from the initial consultation through to order.
- Delivering an outstanding customer experience every step of the way.
- Working alongside a friendly team who genuinely support each other.

What we're looking for

- Previous experience in kitchen design or interior design.
- Experience using Winner (preferred).
- Excellent communication and relationship-building skills.
- A passion for design and a keen eye for detail.
- The ability to work independently and as part of a close-knit team.
- Someone who cares about giving customers an exceptional experience, not simply making a sale.

What you'll receive

- Salary based on experience: £27,000–£35,000
- On-target earnings of up to £60,000
- Potential company vehicle
- Fair and honest commission structure that rewards delivering outstanding customer service – not simply the value of the sale
- Work with a premium product that allows you to focus on designing exceptional kitchens rather than high-pressure selling.
- A vibrant working environment, with regular staff meals, seven-a-side football, quiz nights and team socials – all paid for.
- The chance to grow with us. We plan to open a new showroom approximately every 18 months, creating exciting opportunities for ambitious people with the right attitude.
- Company pension

Why join Prestons?

We're big enough to offer real career opportunities, but small enough that everyone knows your name.

Everyone knows each other, chips in and has each other's back. We work hard, have a laugh, and genuinely enjoy coming to work. Whether it's seven-a-side football, regular team meals, activities or family events, we make time to get together outside of work too.

We're designers first, not salespeople. There are no pushy sales scripts or pressure to sell the most expensive kitchen. Instead, we focus on creating exceptional kitchens, giving honest advice and making sure every customer has a brilliant experience.

You'll be selling a product you can genuinely believe in. Our premium German kitchens, honest approach and strong reputation mean customers come to us looking for quality, not a hard sell. Combined with a regular flow of enquiries and a fair commission structure based on customer service, you'll have everything you need to build a successful career.

Ready to apply?

We like to keep things simple.

Just send us an email telling us a little about yourself, your previous experience and why you'd like to join the team. If you've got a CV or examples of your work, feel free to include them too – but don't worry if you haven't.

If it sounds like we'd be a good fit for each other, we'll arrange an informal chat.
